Do that by creating a gross sales page for the new e book, but don't embody a worth on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a variety of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is strictly the identical on

each web page, and consists of your selling-deal with sentence. Then determine for every page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

In the end, in the event you've written a book that solves a drawback or presents a new method, your guide will herald each site visitors and profits.
