If you want to see giant income over customer draw, purpose for an audience that's searching for easy options to their problems at a low price. If your e-book is aimed toward fixing one specific problem slightly than common advice, then you can cost more. Start on the highest price the market will bear to usher in the largest earnings, and plan to low cost the e-book a variety of instances throughout the year.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Make sure your gross sales copy is strictly the identical on

each web page, and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum value is.
