An efficient method for determining a price is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new ebook, but don't include a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with totally different prices on every page. Be sure that your gross sales copy is exactly the similar on

each page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.
