Do this by making a gross sales page for the brand new book, however don't include a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure your sales copy is strictly the same on every page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum price is.

In the end, when you've written a ebook that solves a drawback or presents a new technique, your ebook will bring in both site visitors and profits.
