An efficient approach for determining a value is to send out a survey to your current customers. If these prospects have already purchased an book from you, ask for their opinion by way of price. Do that by creating a sales web page for the brand new e book, but don't include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure that your sales copy is strictly the same on every web page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum value is.
