An efficient method for determining a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do that by creating a sales web page for the new book, but don't include a price on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum value is.
