An efficient method for determining a value is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new e book, however do not embody a price on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with different prices on every page. Make certain your gross sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum value is.

Finally, if you happen to've written a book that solves a drawback or presents a new method, your e-book will bring in both site visitors and profits.
