Do this by making a gross sales page for the new e-book, but do not embrace a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Make sure that your sales copy is precisely the similar on

each page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.
