One is to present something away without cost with your e-book, resembling a precious bonus item. Or bundle a number of ebooks under one value, which lowers the worth for every e-book if they were sold separately.

An effective approach for determining a value is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new book, but do not embody a worth on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with completely different prices on each page. Be sure your gross sales copy is precisely the identical on every web page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.

Ultimately, if you happen to've written a ebook that solves a problem or presents a new approach,

your ebook will usher in both site visitors and profits. So you'll want to write that selling-handle sentence that sums up what downside your book solves and what the advantages of your 1201 e-book shall be to the shoppers who purchase it. After which watch your market come to you!
