In addition to promoting your books assiduously online, there are several other methods that can allow you to promote extra books.

One is to offer something away totally free together with your e-book, akin to a worthwhile bonus item. Or bundle a number of ebooks below one value, which lowers the value for every e-book if they were offered separately.

An effective technique for determining a price is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the new e book, but do not embrace a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is precisely the similar on

every web page, and contains your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can inform you what your optimum price is.

In the end, if you've written a guide that solves a drawback or presents a new technique, your e-book will usher in each visitors and profits. So be sure you write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 125 guide will be to the purchasers who purchase it.
