As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with completely different prices on each page. Be certain your gross sales copy is exactly the same on every web page, and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum worth is.
