An effective technique for determining a value is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new ebook, but don't embrace a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by making a number of duplicate sales pages with completely different costs on each page. Be certain that your sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum value is.

In the end, if you've written a book that solves a drawback or presents a brand new method, your e book will bring in both visitors and profits.
