An efficient approach for determining a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price. Do this by creating a sales page for the new e book, but don't include a price on that page. One other strategy is to test out prices by making a variety of duplicate gross sales pages with different costs on every page. Be sure your sales copy is strictly the identical on every web page,

and contains your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This may let you know what your optimum price is.
