An efficient technique for figuring out a worth is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do this by making a sales web page for the new guide, however don't include a worth on that page. As

an alternative, add a variety of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Make sure your sales copy is strictly the same on every page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. It will let you know what your optimum price is.

Finally, if you happen to've written a guide that solves a drawback or presents a brand new method, your e-book will bring in both site visitors and profits.
