Another strategy is to check out prices by creating a variety of duplicate sales pages with totally different costs on each page. Ensure your gross sales copy is exactly the identical on every web

page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Finally, should you've written a book that solves a problem or presents a brand new approach, your e-book will usher in both traffic and profits.
