If that is your important aim, you should purpose to keep your worth on the low side. Some authors have even priced their ebooks at a revenue loss to draw a high number of new customers. The secret's to find a worth that maximizes your profits and the variety of books you sell.

This is a wonderful pricing strategy in case you are trying to acquire long-term customers. Long-term prospects are extremely seemingly to purchase from you again and again ? so long as the primary e-book they purchase is of exceptional quality and helpful to the customer.

Nonetheless, if your e-book comprises useful ? and extra importantly NEW info, references, or techniques ? then you must goal to price it on the excessive end.

After you determine your objective, you should work out what your audience's want is for your ebook. For instance, does your ebook resolve a selected problem? If it does, and solves it in a method that hasn't been written about in 100 different ebooks, you'll be in a position to achieve excessive sales at a high price. In case your book solves an issue or answers questions in a brand new and distinctive way, you need to worth your ebook as excessive as you'll be able to go. You'll achieve larger profits this fashion, however usher in fewer customers. Simply be ready to your competition to undercut you on worth as soon as they hear about your book.

Take into account that the above pricing technique is temporary. Finally, you will stop to promote books at this excessive price. So work out upfront how lengthy you plan to offer your book at this excessive value, and when that point is up, change your pricing strategy.

If you want to see large income over customer draw, goal for an audience that is searching for simple solutions to their problems at a low price. Begin at the highest worth the market will bear to bring in the largest income, and plan to discount the book a variety of occasions throughout the year.

Another strategy is to check out costs by making a number of duplicate gross sales pages with different costs on each page. Make sure that your sales copy is exactly the same on each web page,

and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your website and gross sales of your book. This may tell you what your optimum value is.
