An effective technique for figuring out a value is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do that by making a sales page for the new book, however do not embrace a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a variety of duplicate gross sales pages with different prices on each page. Be certain that your gross sales copy is strictly the similar on each page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum price is.

Ultimately, for those who've written a guide that solves a downside or presents a new method, your e book will herald both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your e-book solves and what the advantages of your 1699 e book can be to the customers who purchase it.
