An effective approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a sales page for the brand new guide, but don't embody a price on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on each page. Make sure your sales copy is strictly the same on every page, and

contains your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum price is.

Finally, in case you've written a e book that solves a drawback or presents a brand new method, your e-book will bring in each site visitors and profits.
