One other technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on each page. Be certain that your sales copy is strictly the similar on

each web page, and consists of your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. It will tell you what your optimum worth is.

Finally, when you've written a guide that solves a problem or presents a new method, your ebook will usher in both traffic and profits.
