One is to offer one thing away for free along with your book, such as a precious bonus item. Or bundle several ebooks under one price, which lowers the price for each ebook if they had been offered separately.

An effective approach for determining a price is to send out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion in terms of price. Do that by making a sales web page for the new book, however don't include a worth on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by making a variety of duplicate sales pages with different prices on every page. Make certain your gross sales copy is exactly the same on each web

page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

Finally, when you've written a e-book that solves a downside or presents a brand new method, your ebook will herald both site visitors and profits. So be sure to write that promoting-handle sentence that sums up what downside your e book solves and what the advantages of your 2104 book shall be to the customers who buy it.
