piece of sales and promotional materials, and every time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several different methods that can enable you to promote extra books.

One is to give one thing away without spending a dime along with your book, similar to a valuable bonus item. Or bundle several ebooks below one price, which lowers the value for every ebook if they have been sold separately.

An effective approach for determining a price is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the new e-book, however don't embrace a price on that page. As a substitute, add numerous links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out costs by making a variety of duplicate sales pages with completely different prices on every page. Make sure that your sales copy is strictly the same on each page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum value is.

Ultimately, in case you've written a book that solves a problem or presents a new approach, your e-book will usher in each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what drawback your book solves and what the benefits of your 2115 guide will likely be to the purchasers who buy it.
