But the truth that unites ebooks and print books is that they are composed of ideas. It's the ideas in these books which have the power to change, or probably rework, people's lives.

What do you suppose an thought is value when evaluated towards the price of paper and ink?

It's the IDEAS that are valuable! That is the way you decide the cost of your ebook.

What should I cost for my ideas?

Decide in case your aim is to get extensive distribution and most exposure. This purpose is aimed toward drawing prospects to your enterprise or service, or to establishing the credibility of your reputation. If that is your fundamental purpose, you must goal to keep your value on the low side. Some authors have even priced their ebooks at a revenue loss to draw a excessive variety of new customers. The bottom line is to find a value that maximizes your earnings and the variety of books you sell.

This is a wonderful pricing technique if you're trying to acquire long-term customers. Lengthy-term

customers are extremely doubtless to buy from you once more and once more ? so long as the primary e book they buy is of distinctive quality and useful to the customer.

Nevertheless, in case your e book contains helpful ? and more importantly NEW information, references, or techniques ? then it's best to purpose to cost it on the high end.

After you figure out your goal, you could figure out what your viewers's need is to your ebook. For example, does your guide remedy a particular downside? If you want to see massive profits over customer draw, aim for an audience that's looking for straightforward options to their issues at a low price. In case your e-book is aimed at solving one

particular problem slightly than basic recommendation, then you can cost more. Start at the highest value the market will bear to herald the largest income, and plan to low cost the e book a variety of times throughout the year.

## Marketing Strategies

The important thing that unlocks the gross sales potential of your book is to find a single sentence that turns into your promoting handle. Then make sure to use that sentence in every piece of gross sales and promotional materials, and each time anyone asks you about your ebook.

Moreover selling your books assiduously online, there are a number of different strategies that may enable you to promote more books.

One is to offer something away without cost along with your ebook, such as a invaluable bonus item. Or bundle a number of ebooks below one value, which lowers the worth for each ebook in the event that they have been bought separately.

An effective method for determining a worth is to send out a survey to your current customers. If these prospects have already purchased an book from you, ask for his or her opinion by way of price.

Do this by making a sales page for the new guide, however do not include a price on that page. Instead, add a variety of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to check out costs by making a variety of duplicate sales pages with completely different prices on every page. Be certain your sales copy is strictly the identical on every web page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum price is.

Ultimately, in case you've written a book that solves a problem or presents a new method, your book will herald each traffic and profits. So make sure you write that selling-handle sentence that sums up what problem your guide solves and what the advantages of your 2214 book will probably be to the customers who purchase it.
