If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a sales page for the brand new e book, but don't include a price on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with different costs on every page. Be certain that your gross sales copy is precisely the same on every page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum worth is.

In the end, for those who've written a guide that solves a problem or presents a new approach, your guide will bring in each visitors and profits.
