If you want to see large income over customer draw, goal for an audience that is looking for simple solutions to their problems at a low price. In case your book is geared toward fixing one explicit problem rather than general recommendation, then you'll be able to charge more. Start on the highest value the market will bear to usher in the largest earnings, and plan to discount the ebook a variety of occasions all through the year.

Do this by making a gross sales web page for the new e-book, however do not embrace a worth on that page. Instead, add numerous links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with different prices on each page. Make sure your sales copy is strictly the similar on each page, and includes

your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

Finally, if you've written a book that solves a drawback or presents a new method, your ebook will bring in each visitors and profits.
