An effective method for determining a price is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do this by making a gross sales web page for the new e book, but don't include a price on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a number of duplicate gross sales pages with different costs on every page. Ensure your gross sales copy is precisely the identical on every

page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum value is.

In the end, in case you've written a e book that solves a problem or presents a brand new method, your book will usher in each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e-book solves and what the benefits of your 2448 book will be to the shoppers who buy it.
