An effective technique for determining a worth is to ship out a survey to your present customers. If these prospects have already bought an book from you, ask for their opinion by way of price. Do that by making a gross sales web page for the new book, but do not embrace a value on that page. As an alternative, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with different costs on every page. Ensure that your gross sales copy is precisely the identical on each web page,

and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. This will tell you what your optimum value is.

In the end, if you happen to've written a ebook that solves a problem or presents a new method, your guide will usher in both site visitors and profits.
