An effective technique for determining a price is to ship out a survey to your current customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the brand new guide, however don't include a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by making a number of duplicate sales pages with different costs on each page. Be certain your sales copy is exactly the same on each page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum worth is.

Finally, for those who've written a e-book that solves a problem or presents a brand new technique, your e-book will herald both visitors and profits.
