Do that by creating a sales page for the brand new e book, but don't embrace a value on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is exactly the similar on every

web page, and consists of your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum value is.

In the end, if you've written a e-book that solves a downside or presents a brand new method, your e-book will herald both visitors and profits.
