Advertising Methods

In addition to promoting your books assiduously on-line, there are a number of different methods that can show you how to sell extra books.

One is to offer one thing away without spending a dime with your guide, corresponding to a invaluable bonus item. Or bundle a number of ebooks below one value, which lowers the worth for each book if they had been sold separately.

An effective technique for figuring out a worth is to ship out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the new e book, but do not embody a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with different costs on every page. Make sure that your sales copy is strictly the same on every page, and includes

your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum value is.

Finally, in the event you've written a guide that solves a downside or presents a new method, your guide will herald both site visitors and profits. So be sure you write that promoting-deal with sentence that sums up what problem your book solves and what the benefits of your 2682 guide will probably be to the customers who purchase it.
