Another technique is to check out costs by creating a number of duplicate sales pages with totally different prices on every page. Make sure that your sales copy is strictly the identical on every page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum value is.

Ultimately, in case you've written a guide that solves a downside or presents a brand new technique, your guide will usher in each traffic and profits.
