Another technique is to check out costs by creating a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is strictly the same on every web

page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This can let you know what your optimum price is.

Finally, if you happen to've written a book that solves a drawback or presents a brand new approach, your ebook will usher in both visitors and profits.
