An effective method for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the new book, however do not include a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Be certain your sales copy is precisely the identical on

every page, and includes your promoting-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum worth is.

Finally, in the event you've written a guide that solves a downside or presents a new technique, your guide will bring in both site visitors and profits.
