Do that by making a gross sales web page for the brand new book, but don't include a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different prices on every page. Ensure your sales copy is precisely the identical on every page, and

includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum price is.

Finally, in case you've written a ebook that solves a downside or presents a new method, your ebook will herald both site visitors and profits.
