Another technique is to check out costs by creating a variety of duplicate sales pages with different costs on each page. Ensure that your sales copy is strictly the same on each page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum value is.

In the end, in the event you've written a e book that solves a problem or presents a new approach, your e-book will herald each traffic and profits.
