An efficient approach for determining a value is to ship out a survey to your present customers. Another technique is to test out costs by making a number of duplicate sales pages with different costs on each page. Be certain that your gross sales copy is exactly the same on every page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.

Finally, if you've written a e-book that solves a problem or presents a new technique, your book will bring in each visitors and profits.
