An efficient approach for figuring out a price is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new book, however do not include a price on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with totally different prices on every page. Make sure your gross sales copy is strictly the same on every page,

and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. It will let you know what your optimum worth is.

Ultimately, should you've written a ebook that solves a drawback or presents a brand new method, your ebook will herald both visitors and profits. So be sure you write that promoting-handle sentence that sums up what downside your ebook solves and what the advantages of your 702 e-book will probably be to the purchasers who purchase it. And then watch your market come to you!
