Another strategy is to check out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the same on every web page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum worth is.

Finally, for those who've written a book that solves a problem or presents a new technique, your guide will usher in both site visitors and profits.
